

## TAX TIPS

### Did you get a call- from the IRS?

**First, it is not the IRS.** The IRS **never** calls you; they only send letters/notices about problems with your tax filing- either a correction to ES tax paid or missing income or questions about a deduction - or notices to nonfilers.

The term for these people who call is "**pfishing**." They tell you that you owe money, you should send it in immediately or they try to scare you about what will happen if you ignore their warning. Many people do send money - and get scammed- over \$15 million reported since October 2013. If you get a call, hang up immediately and know that it is NOT the IRS!!

**STRAUSS TAX SERVICE** always prepares your IRS and IL taxes on our secure software. We can help your plan for taxes in retirement, figure ES taxes ( including the recent AGL-Southern cash buyout), work with you on trust and estate taxes and answer your questions. We are located at **624 62<sup>nd</sup> Street, Downers Grove** and are open from **9 AM – 9 PM daily**.

**CALL: (630) 964 – 4018**
