

TAX ALERT!

IL has raised our IL personal tax rate to 4.95% beginning July 1, 2017. This means that your IL tax on all non retirement income is going up. If you want us to adjust your 3rd and 4th Quarter IL ES, please call us. Otherwise, so long as you are paying IL ES equal to your 2016 IL tax liability, you can pay what you owe at tax time without any penalty.
